

TALKING SH!T

IT'S TIME TO GIVE TWO SH!TS ABOUT **BOWEL CANCER**

**“PLEASE
DO THIS TEST
as soon as
it arrives.
It might just
save your life.”**

Merv Hughes,
Talking Sh!t Ambassador.

Bowel cancer is Australia's second biggest cancer killer.

It can develop without symptoms, but if detected early it can be successfully treated.

If you are aged 50 to 74, you will receive a FREE bowel screening kit in the mail every two years.

If you lose your kit or it expires, scan the QR code or phone 1800 930 998 for a new FREE kit.
